Lightning Knocks Out Power

By Frank Messina

Lightning was blamed by Massachusetts Electric Co. for a 41-minute power outage Sunday night that affected about 2,600 residents downtown and in the Shawsheen section of Andover.

Although the fire and police stations were also without electricity

from 10:34 to 11:15 p.m., both agencies reported only minor problems during the blackout.

Paul McNamara, Mass. Electric plant manager, said it was probably a lightning bolt from a large thunderstorm that passed over the Merrimack Valley Sunday night that knocked out a station on Lupine Road.

Because electricity use declines during the evening, McNamara said it was improbable that the station failed because of hot weather demands placed on the system. However, the strain placed on Lupine Road transformers by the long, hu-

Selectmen Settle Lawsuit

Ex-Employee Says Town Didn't Follow Rules

Frank Messina

The Board of Selectmen agreed to settle what one town official called a discrimination lawsuit for \$20,000 at Monday night's board meeting.

In a 1984 complaint that asked for \$100,000, former library employee Tseng-wen Shen charged the town with dismissing her without granting an appeal. Town officials maintain that bylaws relating to personnel layoffs were followed exactly.

"I strongly, strongly feel there was no discrimination here," said Town Manager Kenneth Mahony. Although no specific charges of discrimination were leveled in the complaint, Town Counsel Alfred Daniels said the implication was clear within the document.

Shen, a 17-year employee, worked as a cataloguer when she was terminated by the town in August, 1983. Mahony said a reorganization was made when the town went to a new computer system that made Shen's job obsolete.

Town bylaws state that an appointing authority can lay off a classified employee whenever necessary "by reason of shortage of funds or work, abolishment of a position or other material change in duties or organization."

The bylaws also provide that the employee should be placed "in another position for which the employee is qualified, if any is available." Daniels said no such job was open.

In Shen's complaint, Braintree attorney Michael Long said an Andover personnel policy revised in 1981 spells out town employee's right to appeal dismissal within 15 days.

Daniels disagreed, saying that Shen had two hearings before Mahony, as outlined in the manual. The personnel document is for non-union classified employees, which includes all library and town hall workers.

'The rules, regulations and bylaws of the town were complied with right to the letter of the bylaws.'

Town Counsel Alfred Daniels

Andover police, firemen and Department of Sewer and Water employees belong to unions.

"The rules, regulations and bylaws of the town were complied with," said Daniels, "right to the letter of the bylaws. I have no reservations about how the layoff was handled."

Neither Shen nor Long were available for comment.

The lawsuit also alleges that proper procedures were not used when Shen was dismissed and claims that she was prevented from using her job title or discussing the technical aspects of the job with other librarians.

Daniels denied both allegations. The selectmen agreed to settle after emerging from a short, executive session. No reason was given for the settling of the case, which Mahony called a "nuisance" lawsuit.

Selectmen Table Sewer Rate Hike

The Board of Selectmen tabled a proposal to raise sewer rates by 10 percent. Town Manager

Kenneth Mahony said the rate hike was necessary to meet future disposal costs.

With Board Chairman William Downs and Selectman Gail Ralston absent, the board decided to table discussion until all members were present. The issue will appear next on the Sept. 19 agenda.

Incentive Aid Provided By State

Andover received a municipal professional incentive aid award from the state.

The town received \$62,304 to improve minority internship administration. It was one of 33 grants totalling \$594,000 to 70 communities and regional school districts throughout the state.

The grants, awarded through the state's incentive aid program, will allow local officials to improve government and school system management capacity through training programs and the hiring of new professional staff, according to State Secretary of Communities and Development Amy Anthony.

"On behalf of Gov. Dukakis, I am very pleased to award these incentive aid grants, which represent an important partnership

between the state and communities across the commonwealth," Anthony said. "These awards are evidence of the administration's commitment to ensuring that professional management is available to cities and towns in every region of the state."

The incentive aid program was developed five years ago in conjunction with the Massachusetts Municipal Association to help cities, towns and school districts address fundamental management issues and to achieve permanent cost savings, sustained improvements in management effectiveness and permanent gains in management capacity. More than 600 grants have been awarded to communities and school systems across the state.

Smoking Policy On School Board Agenda

The Andover School Committee will meet Tuesday, Aug. 23, at 7:30 p.m. in the School Committee Conference Room.

Agenda items at the meeting, originally scheduled Aug. 16, in-

clude the high school smoking policy, the second phase of the

computer plan and the committee's direction letter for the upcoming school year.

August Glass Collection Cancelled

The monthly glass collection will be changed to Aug. 27 because of vacation schedules, said Tina Girdwood of Andover Recycling Inc. The bin will be in the Town Hall parking lot between 9 a.m. and 2 p.m. for clear green

and brown glass. Andover Recycling volunteers will be there to assist you.

The September glass collection will be held on the 17th (the third Saturday), as printed on the yellow recycling schedule cards.

Rainbow Brite Comes To Town

Rainbow Brite and the Star Stealer, a fun action and adventure film with heroes, princesses and evil forces, is the selection in

the Department of Community Services family movie program on Monday, Aug. 22, at dusk in the Park.

Entering Babson

Three Andover residents will be entering Babson College in Wellesley as freshmen this fall.

They are Paul C. Andersen, son of Mr. and Mrs. David C. Andersen of 8 Penbrook Circle; Paul F. McCarthy, son of Mr. and Mrs. Paul F. McCarthy of 4 Mercury Circle; and Frederick W.

BACK TALK

by Dr. Thomas M. Sheehan
Chiropractor

Some tips on dealing with sore backs. It is estimated that about 85% of Americans suffer from back problems, and that 65% of these will require medical attention.

Here are some suggestions that may help if a back problem flairs up:

1. Go to bed and rest - this is the most important first step.
2. Sleep on a firm mattress with out a bedboard.
3. Ice - reduces swelling, numbs pain and promotes healing.
4. No baths - sitting in a tub forces the spine to bend unnaturally.
5. No lifting.
6. Lose excess weight.
7. Stay out of high heels - It increases the curve in your lower back and increases pain.
8. Avoid nervous tension - Stress leads to increased muscle tension and that means increased back pain.
9. See your chiropractor immediately - we are back specialists and can help correct or prevent problems related to the spine.

IF YOU'RE A BUSINESS IN SEARCH OF A BANK...

"Here was a bank that recognized that I'm running a business - not just a hobby - and they pursued me!"

Robert D. Hughes (right), owner and general manager of Weloset, shows Alice M. McCarthy and Mark H. Teden, assistant vice president, Arlington Trust Company Commercial Loan Department, the kennel's new climate-controlled boarding facilities.

When Robert D. Hughes mentions that he grew up at Weloset, he doesn't mean he was raised at some exclusive resort - he's referring to the boarding kennel that his parents built in 1955 in Boxford, MA, and named to mean "We Love Setters".

In recent years, Hughes recognized the need to renovate and expand the existing facilities, but was unable to find a bank that would provide funding for his plans. Then, in 1985, Alice M. McCarthy, vice president of Corporate Services at Arlington Trust Company, approached Hughes about serving the business needs of the kennel.

"I was impressed," Hughes says. "Here was a bank that recognized that I'm running a business - not just a hobby - and they pursued me!" Using a loan from Arlington Trust Company, Hughes increased the kennel's accommodations from 80 to 300, and provided a resort-like atmosphere for pets to enjoy while their owners go on their own vacations.

Arlington Trust Company has been responding to the needs of businesses for nearly 100 years. If you're a business in search of a bank, come to Arlington Trust.

Completes World Tour

Marilyn Ingram of Andover recently completed a year-long world tour with Up With People, the international, educational and cultural organization.

Up With People maintains five international casts, each with 100 students, who, during the year-long program, travel approximately 32,000 miles to some 80 cities throughout the United States and Europe.

The multifaceted program offers students real-life learning opportunities through community service, performing arts and intercultural education.

Each student lives with host families, thus seeing those cities and experiencing the customs and cultures through a personal perspective.

Ingram left for Europe with Cast D in early October after her six-week training period in Tucson, Ariz. The cast returned to the United States in December after touring Belgium, Germany, the Netherlands, Finland and Sweden to begin a five-state tour of the South, which included a premier performance on the American Gardens stage at EPCOT in Orlando, Fla.

Ingram joins more than 11,000 Up With People alumni worldwide. The Up With People's organizers say they want these former participants and the thousands of people they meet each year to gain an

Marine Pfc. Patricia A. Lally, daughter of John and Josephine Lally, 53 Harold Parker Road, recently completed the administrative clerk course.

During the eight-week course at the Marine Corps Base, Camp Lejeune, N.C., Lally was provided with the basic skills and knowledge required of an administrative clerk.

She received instruction on typing and preparation of naval correspondence and was introduced to the basic office functions performed by all Marine Corps administrative sections.

A 1987 graduate of Andover High School, Lally joined the Marine Corps in August 1987.

BABY TALK

by Jack Resnick

The parents' role starts at birth, and some doctors say the first hour is critical in forming the life long mother-child attachment called bonding — one reason many hospitals and doctors have reserved past practices and now encourage the mother to hold the baby in her arms in the delivery room for a time after birth. This get-acquainted period gives you and the baby time to explore each other and allows you a moment to foster your maternal instincts. You'll find the baby responds to touch, warmth, skin contact, a soft voice, and gentle handling.

There is a wonderful selection of baby furniture at **TINY TOTLAND**. We have everything from pacifiers to strollers. Over 80 cribs on display. Wall decor and lamps. Babies toys for all ages... everything from "heaven to seven". Ask about our free lay-away plan. Delivery service. Stop in soon at **TINY TOTLAND, 1111 Elm St., Manchester, N.H.** "Where Quality Costs You Less." Tel. 1-603-623-6171.

It's A Deal

Karen Carpenter of Andover, president of BayBanks Merrimack Valley; Peter Aucella, executive director of the Lowell Historic Preservation Committee; and Charles Crannell, also of BayBanks Merrimack Valley, attended the announcement that the Lowell Regional Transit Authority has designated the Fryer Group Inc. in Chelmsford as developers of a new 200,000-square foot office building to be constructed with an expanded regional transportation center in Lowell.

Hospice Plans Yard Sale

VNA Homecare Hospice will hold a yard sale Sept. 17 from 10 a.m. to 3 p.m. at the agency's Andover center, 1 Union St. to raise funds and increase support for the hospice program. Rain date is Sept. 25.

Hospice is in need of donations and contributions in order to help make the project a success. Items such as clean used clothing, appliances, toys and games, collectibles, small furniture, books, baked goods and plants are needed.

Items may be dropped off in the garage at the Union Street location on Thursday, Sept. 15, from 10 a.m. to 6 p.m. and Friday, Sept. 16, from 6 p.m. to 8 p.m.

In other VNA news, more than 1,500 people responded to the century-old agency's bid for community support by participating in its July 28 raffle drawing held in Andover.

Rep. Larry Giordano of Methuen drew the winning tickets at a reception attended by friends of the agency, staff and the board of directors. The grand prize of

\$2,000 was awarded to Rita Lonardo of Methuen.

The raffle helped VNA raise nearly \$25,000 of the \$40,000 goal set in May, according to Phebe Goldman, executive director.

She said that, although the July raffle has been concluded, membership contributions are still needed.

Honored

Topsfield Fair organizers, already gearing up for this year's event, presented service awards to volunteer workers this month at a dinner attended by more than 275 people.

Bernadette Donovan of Andover won an award for her help in the beekeeping section of the country's oldest, continuous county fair.

Completes Recruit Training

Marine Pvt. Charles P. Babineau, son of Charles and Anita Babineau, 24 Brechin Terrace, Andover, has completed recruit training at Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he was taught the basics of battlefield survival, was introduced to the typical daily routine he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

Babineau participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized.

A 1987 graduate of Andover High School, he joined the Marine Corps in March 1988.

Celebrating the second anniversary of the opening of Suburban Healthcare Center in Andover are, left to right, Dr. Edward J. Broaddus; Dr. Matthew Cushing, Jr., M.D., medical director; Charles T. Matses, president of the board of directors of Lawrence General Hospital Health Enterprises Inc.; and Calvin M. Johnson, vice president of professional services at Lawrence General.

Observe Second Anniversary

Suburban Healthcare Center in Andover celebrated its second anniversary June 21 with an announcement of an expansion of services. Dr. Anthony Turiano joined the Stevens Street facility in July, becoming its fourth full-time physician. Three examination rooms and additional physician office space have also been added.

"As we move into our third year of operation, Suburban Healthcare Center wants to better serve the elderly in our community," says Dr. Matthew Cushing, medical director. "In addition to a fourth full-time physician, we have added the services of a gerontological nurse practitioner."

The opening of Suburban Healthcare Center two years ago marked the beginning of a unique approach to providing health care services for area residents. Dr. Edward Broaddus and Dr. Margaret Galaburda joined Cushing's expanding

practice.

Library Turns Into Egypt For Young Historians

Ancient Egypt was the theme of an educational arts and crafts program at Memorial Hall Library this summer.

"Make It On Monday," which children's librarian Bridget Bennett started about seven years ago, was open to kids between 6 and 10 years old Monday afternoons from July 11 to Aug. 8.

Bennett said this year's Make It On Monday organizers were inspired by the Museum of Science exhibit of artifacts from Pharaoh Ramses II's reign.

"Kids are very interested in ancient Egypt, mummies and pyramids," Bennett said. "It's sort of like dinosaurs—it's one of those things kids love to find out about."

Bennett started the last session, one on Egyptian jewelry, by telling the children more about the craft. "We told them how important people were buried with their jewels so they could take them to the next life. And both men and women wore jewelry, which the kids found interesting."

"It gives them a sense of the past and makes them realize how very old these things are," Bennett added.

The group used different crafting materials every week, said Bennett, adding the staff wanted to expose the children to different textures and techniques.

A group of 6- to 10-year-olds learned all about ancient Egyptian jewelry Aug. 8 in the last of Memorial Hall Library's Make It On Monday sessions. At top, children's librarian Bridget Bennett shows the participants pictures of the ornate jewelry worn by royal families. At left, librarian's aide Karen Brylczuk helps Dennis Bligh and Sophie Lam put together pendants out of cardboard, tin foil, string, glue and paint.

Leslie Adams puts the finishing touches on her "ancient" pendant.

Andover Students Complete Peer Leadership Institute

Three students from Andover were among nearly 200 young people who participated in the third annual statewide Peer Leadership Institute. The Peer Institute provides advanced training for peer leaders to develop their skills in working with young people to help them make positive decisions about healthy lifestyles. Co-sponsored by the Governor's Alliance Against Drugs and the Department of Public Health, the institute was hosted by Prevention One, Multi-Service Health of Northampton.

Shuba Bilwakesh, Grace Park, Monica Dugal and peer advisor Paula Gray from Andover High School took part in workshops and seminars August 15-18 at the Northfield Mount Hermon School in Northfield. The workshops and seminars focused on drug and alcohol prevention education and placed emphasis on leadership, decision making, self-esteem and other skills necessary to help young people cope with the pressures of adolescence. The students also attended seminars on AIDS, stress management and cultural differences.

Participants elected 32 student representatives to a new statewide peer network which will meet throughout the year to discuss peer leadership issues and plan future activities. The group will create a statewide peer leadership newsletter and have input into planning the 1989 Peer Leadership Institute.

The students and their advisors will re-

turn to their communities with a plan of action to implement the extensive training they received at the Peer Institute. This plan will include working with youngsters in the elementary schools to educate them about the dangers of drug and alcohol abuse.

"This conference is important because it teaches students how to be more effective peer leaders and to take responsibility for encouraging other young people to make informed decisions," said Jack Doherty, executive director of the Gover-

nor's Alliance Against Drugs. "We must teach young people to employ positive peer pressure in order to educate their friends about the hazards of drugs and alcohol."

"The creation of the peer network will facilitate communication among peer leaders in various parts of the state and allow for peer leadership to grow in Massachusetts," he commented.

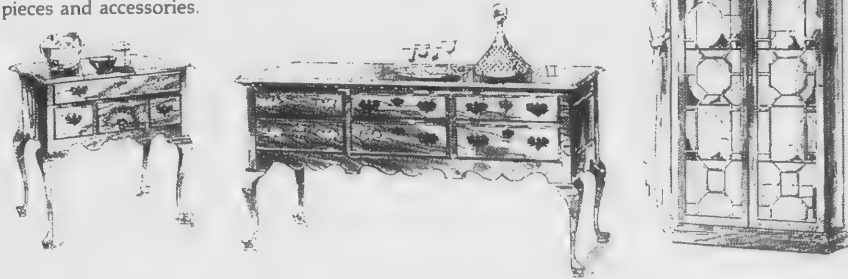

The conference also featured a performance by the Improbable Players and a disc jockey with a light show.

Teachers Attend Conference

Three Andover elementary school teachers attended Confratute '88, an international conference/institute on educating gifted and talented children, last month at the University of Connecticut.

Dot Pelc of South, Holly Plamondon of West and Gayle Pinkowski of Bancroft attended the July 18-29 conference.

Confratute is sponsored jointly by UConn's Special Education Center and School of Education and the Connecticut State Department of Education.

Confratute invites experts on gifted education to converge at UConn for two weeks to interact and consult with teachers, administrators and parents who want to learn more about exceptionally able youngsters. Topics such as who the gifted youngsters are, how they learn differently from other children and what parents and school personnel need to do to help them develop their creative abilities and talents are explored in depth by the participants.

The Andover trio was among 750 educators and parents from 49 states and U.S. territories, the Bahamas, the Philippines, Australia, Bahrain, Canada, Jordan, Mexico, Singapore, South Africa, Sweden, Germany and several European nations who were present.

Road Race

The 19th annual Lynn Woods 10-mile relay will be held Aug. 31 at 6 p.m. sharp. The race will benefit the Multiple Sclerosis Society.

Teams will have four members, each running 2.5 miles along mostly dirt roads and trails in the Lynn Woods Reservation. Enter through the Great Woods Road entrance off Lynnfield Street.

There are several categories for all ages, and T-shirts go to the first 50 teams.

Contact Bill Mulen, 27 Great Woods Terrace, Lynn, 01904.

Webster Company Merges

Officials of Grain Processing Corporation of Muscatine, Iowa, and H.K. Webster Company, Inc. of Lawrence announce their respective companies have signed an agreement to join forces. Under the

agreement, H.K. Webster Company would become a wholly-owned subsidiary of Grain Processing Corp., but continue to operate as an autonomous unit in its market in the northeastern United States under the

active direction of Dean K. Webster, president, and R. Kingman Webster, executive vice president, both residents of Andover.

Founded in 1868, the H.K. Webster Company, led by four generations of the Webster family, has grown to become a leader in livestock feeding in a nine state area in the northeast. Under the Blue Seal label, the

company offers a variety of dairy and specialty feed products. Webster operates eight plants throughout New England and New York State.

Grain Processing Corporation is a corn wet miller

and major manufacturer of grain neutral spirits, pure ethyl alcohol, food and industrial corn starches, maltodextrins, corn oil, corn-base specialty chemicals and feed ingredients. The company has two live-

stock feed manufacturing subsidiaries, Kent Feed, Inc. in Muscatine, Iowa, and Evergreen Mills in Ada, Okla., both of which have operated successfully in the midwest for several decades. Family owners of both companies expressed they are looking forward to working together.

Appointed To Executive Council

Dr. Paul C. Dow, Jr.

Charles Stark Draper Laboratory Chairman of the Board Joseph V. Charyk and President Ralph H. Jacobson announced the creation of an executive vice presidential post and the addition of three vice presidents as part of restructuring the laboratory as a matrix organization.

Dr. Donald C. Fraser, who has been vice president of technical operations since 1981, was appointed executive vice president. Dr. Paul C. Dow, Jr. of Andover, vice president of programs; Dr. David V. Burke, Jr., vice president of engineering; and William E. Stanton, vice president of corporate development, will report to him.

They join Vice President of Finance and Treasurer David C. Driscoll and Vice President of Human Resources and Administration Joseph F. O'Connor who, with Jacobson, will make up the executive council of Draper Laboratory.

Dow will be responsible for managing Draper's program base. He has been responsible for managing the Navy strategic programs department, a multi-year, \$900 million contract currently representing the largest program within Draper. Since 1979 he has been the program manager of the Fleet Ballistic Missile guidance-system development program.

These include continued tactical engineering support of guidance systems for Polaris and Poseidon, the Trident stellar inertial guidance system as well as full-scale engineering development of a new guidance system for the Navy's Trident II missile.

Prior to joining Draper in 1975, Dow was previously employed by Avco Corporation as a program director on the Minuteman program. He received a bachelor of science degree from the U.S. Military Academy, master of science degrees in aeronautical and instrumentation engineering and a Ph.D. degree in aeronautical engineering from the University of Michigan. He is an associate fellow of the AIAA and is listed in *American Men of Sciences*.

In Craft Fair

Two local residents will participate in the Wenham Museum's 16th annual craft fair, which will be held rain or shine this Saturday from 10 a.m. to 5 p.m.

Tiffany Cobb of Phillips Academy and Joyce Cooper of North Andover will be among 50 juried craftspeople who will demonstrate and sell everything from wood carving to pottery to blacksmithing.

Cobb will have a selection of unusual and colorful handmade earrings. Cooper creates decoupage designs on lamps, ornamental boxes and Christmas decorations.

Other features of the fair are plant and gourmet food tables, both of which will be stocked from the gardens and kitchens of area museum members. The "100 Percent Table," all the profits from which go to the museum, will carry members' crafts.

Fairgoers may visit the museum at a reduced rate to view its summer exhibit, "Seen but not Heard: Images of Childhood, 1840-1940," as well as its doll collection and the 17th-century Claflin-Richards House.

The museum is located at 132 Main St. (Route 1A) in Wenham.

Trends in Kitchen and Bath Design

by Kevin Hennessey and Sean Walsh

THE KITCHEN RETREAT

If the eighties have signaled a retreat back to the old homestead, the kitchen lies at the heart of this trend. More than any other room in the house, the kitchen lies at the hub of family activity. As such, its storage capabilities should reflect accurately the manner in which a family lives. If the kitchen is the frequent site of school homework activity, it should be designed with a desk-drawer unit. If children involve themselves in cooking, cabinetry should feature low, pull-out shelves to accommodate a young person's reach. If the man of the house cooks along with the woman of the house, there should be two distinct cooking areas. In all, kitchen layout and storage should exhibit as much flexibility as a family can ask of it.

A well designed kitchen efficiently utilizes all available space. Cabinetry chosen carefully can sufficiently meet every kitchen requirement. Lazy susans, tall storage cabinet units, slide out shelves and trays help to maximize the use of available space. When renovating your kitchen, rely upon the professional expertise provided by the kitchen designers at **VARIATIONS IN WOOD, INC.** Let our cabinet makers build you a custom kitchen in which you will be pleased to work. You will find us conveniently located at 2370 Tumpike St., Route 114. To reach us call 681-4656.

Incorporate tray dividers into the base cabinets to take care of cookie-sheet and flat-cookware storage.

Museum Awarded Grant

The Museum of American Textile History in North Andover has been awarded a \$62,274 general operating support award by the Institute of Museum Services.

These prestigious grants, which this year totaled \$17 million to 402 U.S. museums, are the most sought-after federal museum awards because they provide virtually unrestricted direct support for all types of museum activities.

The general operating support program received 1,311 applications for the one-year grants, which are made on a competitive basis. The award is based on the applicant museum's strength and quality, defined as the judicious management of the museum's available resources to provide the best possible services to its community and the general public, say museum directors. They said the competition for these funds is strong, and museums that receive general operating support awards have demonstrated their commitment to high standards in operations and services to

the public.

The museum of American Textile History received particularly high marks from the judges on education, staff and exhibits. The reviewers' comments included: "Sets a high and emulable standard. Museum's responsiveness to and interest in specialized and general audiences is outstanding. Dramatic increases in attendance and public

recognition suggest that museum is on an upward spiral towards greater community service and participation."

The textile museum received another grant, this one for \$8,000 from the Catherine McCarthy Memorial Trust Fund of Lawrence. The money will fund a reprinting of *The Valley and Its Peoples*.

First published by the museum in 1982, *The Valley and Its Peoples* quickly sold

out its initial run of 2,500 copies. It is written by Dr. Paul Hudon, professor and Lowell-born historian.

The book, which features 150 period maps, drawings, lithographs, paintings, cartoons, posters and contemporary photographs, tells the history of the area through the eyes of the people who settled there—from the Pennacook Indians to the Puritans to the revolutionaries.

Spinners To Exhibit

Members of the Boston Area Spinners and Dyers will demonstrate their skill with wheels, spindles and fiber and will teach visitors to spin at Spinning Day at the Museum of American Textile History, 800 Massachusetts Ave., North Andover. Spinning Day is from 1 to 5 p.m. Sunday, Sept. 11.

Various other crafts will be displayed and demonstrated by the Essex County Needlecraft Guild.

Visitors will have the chance to observe and try several types of spinning, from the drop spindle first used in ancient Me-

sopotamia to the Medieval Great Wheel and the more common bobbin and flyer spinning wheel designed by Leonardo Da Vinci.

Spinning has evolved over the centuries and has helped to revolutionize the cloth-making industry—the heart of New England's first industrial development. Both an art and a technology, spinning is an important part of the story of industrial and social change that the museum tells.

Visitors will be fascinated by the skill involved in spinning raw fiber into high quality yarn.

Philharmonic On Cable

Five performances of the Merrimack Valley Philharmonic will be featured on local access cable Channel 11 on Tuesdays and Thursdays during August and September. The series opened on Tuesday with the orchestra performing the music of Haydn and Brahms at Sacred Heart Church. This performance can be viewed this evening at 6:30 p.m.

The rest of the series will be as follows:

August 23 at 2:30 p.m. and August 25 at 6:30 p.m., the Philharmonic performs the music of Rachmaninof and Tchaikowsky at St. Joseph's Church.

August 30 at 2:30 p.m. and September 1 at 6:30 p.m., the Young People Concert at the J. Everett Collins Center for the Performing Arts will be shown.

September 6 at 2:30 p.m. and September 8 at 6:30 p.m. the Philharmonic performs the music of Strauss and Mahler at Phillips Academy.

September 13 at 2:30 p.m. and September 15 at 6:30 p.m. the Philharmonic and the Lawrence and Andover Choral Arts Societies perform *A German Requiem* by Johannes Brahms at St. Anne's Church.

Channel 11 will also offer four new programs during

August. Two of the programs, produced by Melrose-Wakefield Hospital, are on health topics. Foot Problems-Podiatry can be seen Monday, Aug. 22, at 10:30 a.m. and Wednesday, Aug. 24, at 4:30 p.m.

Women's Health Matters will be aired Monday, Aug. 29, at 10:30 a.m. and

Wednesday, Aug. 31, at 4:30 p.m.

The other two programs, produced by Memorial Hall Library, concern what

services are available at the library and how to use the

computer reference system. These programs will be

shown Mondays, Aug. 22 and 29, at 11

a.m. and be repeated Wednesdays,

Aug. 24 and 31, at 5 p.m.

Don't forget to

Free Concerts At South Church

An exciting week for young singers will end Saturday, Aug. 20, when they present a concert featuring a costumed performance of portions of Purcell's opera *Dido and Aeneas* at South Church in Andover at 7:30 p.m. Families and all interested in an exciting and varied evening of music are invited to this special free performance by the Treble Chorus of New England. The Youth Ensemble, younger singers preparing to enter the Treble Chorus, the Madrigal Singers, a group of teenaged boys whose voices have changed, and five visiting choristers from Bennington Community Children's Choir in Vermont will also participate.

The concert climaxes a week of intensive vocal training of children. The Singer's Workshop is a part of the program of the Treble Chorus of New England under the direction of Marie Stultz. More than 80 students spend their day singing in large groups, in small ensembles, learning theory, working on the opera and attending special workshops. Jane Struss, well-known Boston mezzo-soprano, soloist with the Treble Chorus at Merrimack College and a member of the overseer board

of the Treble Chorus, will help the students in learning the opera. John Douglas, voice coach at New England Conservatory of Music and director of the Merrimack Lyric Opera in Lowell, who has studied in Austria, will lead a special workshop. Bill Cashman, a tenor formerly with the Merrimack Lyric Opera, will bring his skills to another workshop.

In addition to a partial performance of the Purcell opera, the concert will feature music of Schubert, Mendelssohn, Britten, Copland and Handel. A chamber music group with Elizabeth Larson of North Andover, violinist, Sandy Miller, cellist, and Karin Kohl, pianist, will accompany the singers.

The students will present a concert on Friday, Aug. 19, at 7:30 p.m., also at South Church, of small ensemble vocal works which will include selections from the Gilbert and Sullivan opera "Patience or Bunthorne's Bride." Bill Dederer of Plaistow, N.H., and Timothy Larson of North Andover, boy sopranos who have received local and national attention, will sing two of the male roles.

Speakers

Hale Hospital in Haverhill has a speakers' bureau, providing free lectures/presentations to civic clubs, educational organizations and other groups in the Greater Merrimack Valley.

The bureau is comprised of members of Hale's medical and hospital staff whose areas of expertise cover a wide range of subjects related to health care and hospitals.

In addition to the established topics, speakers can usually be arranged to address a group's specific interest. Advance notice is appreciated for all requests.

INTRODUCING GENTLE CHIROPRACTIC

Hi, I'm Gavin C. Little, Doctor of Chiropractic. Perhaps gentleness in Chiropractic is a new concept to you. It was to me before I began the eight years of college training necessary for my Doctorate Degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain. If you have hesitated visiting a chiropractor, perhaps you didn't know about this gentle or "soft touch" technique. It has been effective treating:

- Back Pain
- Headaches
- Shoulder Pain
- Numbness
- Arthritis
- Arm/Leg Pain
- Painful Joints
- Stiffness
- Hip Pain
- Neck Pain
- Muscle Spasms
- Cold Hands/Feet

If you experience any of these conditions, you may be able to get permanent relief from careful professional chiropractic care. And, because insurance companies, including Medicare, recognize the benefits of chiropractic care, your treatment can be little or no cost to you. To encourage you to try gentle chiropractic please accept this offer:

YOUR INITIAL SPINAL EXAMINATION (A \$50. Value) IS ABSOLUTELY FREE!

This free examination will include orthopedic testing, neurological testing, spinal alignment testing, an examination for restricted or excess motion in the spine and a private consultation to discuss the results.

involvement in three key educational programs sponsored by the Peabody Museum of Salem.

The Science Everywhere program taught youngsters about marine life in seven school districts on the North Shore. Working with the museum's education department, the curator also played an integral role in a marine education program with Salem High School students at the Cat Cove State Marine Laboratory. Moir also initiated the Salem harbor monitoring program in which volunteers test harbor waters in Salem, Beverly and Marblehead.

"I am accepting this award on behalf of the Peabody Museum of Salem for the programs we do together and the volunteers who work on the harbor monitoring program," said Moir, a curator at the museum since 1984 and a former science teacher at Pike School.

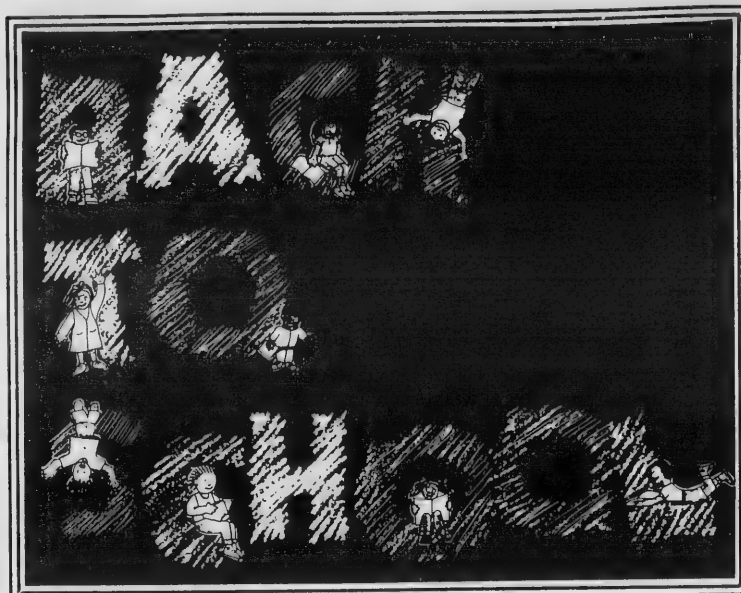

There are 60 volunteers in the harbor program, co-sponsored by the Massachusetts Audubon Society as part of the North Shore coastal monitoring program. "We train local citizens to test harbor waters," Moir explained. "We are trying to figure out the rhythm and heartbeat of the harbor and one way you do that is to measure the amount of dissolved oxygen in the water."

The harbor monitoring project is continuous. "It goes on forever," said Moir, adding that volunteers are always welcome. Those wishing to volunteer may call Moir at the museum.

The group also surveys sea birds during the winter. "The birds are another biological indicator of the health of the harbor," Moir said. "The largest diversity of birds is in the winter."

Moir will present a talk, "Salem Harbor: Yesterday, Today and Tomorrow," Thursday, Sept. 15, in the museum's education room. There will be no charge above museum admission.

Celebrating 60 Years

Ben Cutler

What do you do for an encore after you've sung the voice of God?

Ben Cutler, formerly of Andover, did just that in the Max Reinhardt-Kurt Weill production of *The Eternal Road*. Broadway production of *The Eternal Road*. Cutler is no longer on Broadway, but is still entertaining people, now as an orchestra leader and singer.

Cutler is celebrating his 60th anniversary in show business this year.

Born in Winchester, he grew up in Terre Haute, Ind., Highland Park, Ill., and Andover. He is a graduate of Phillips Academy and Yale University.

At Yale, he was voted by his class as "most versatile," "best athlete," and "most to be admired." And no wonder.

Cutler

truthful, monotonous," he said. "You had to keep up the same beat throughout the evening because that's what they wanted."

When rock and disco music came along, the debutante party business dropped off. But Cutler was ready for the change. His orchestras were already including the new style in their repertoire.

The popular orchestra leader is amused and sometimes saddened by the way some younger people regard his age.

"They seem to think that a person in my age bracket is ready for the rocking chair and front porch," said Cutler, now in his 80s. "Yet statistics show just the opposite. People are living longer and healthier lives these days and continue to be active in all professions well into their 70s and 80s—people like Ronald Reagan, for example.

"Some people are old at 35 because that's the way they think," he continued. "A person is young as long as he or she keeps active with many interests and keeps abreast of the times."

Cutler follows his own prescription for keeping young. In addition to the appearances with his orchestra, he plays tennis, sings with the Yale Glee Club Associates, attends Rotary Club meetings in New York City where he sings the "Star Spangled Banner" every week and practices vocal scales daily.

Stuart M. Rees, son of Malcolm and Gail Rees of 5 Bridle Path Road, has been admitted to the class of 1992 at the University of California at Berkeley.

A 1988 graduate of Phillips Academy, Rees was a National Merit Scholar semifinalist. He served as day student representative to the curriculum committee and participated in student government and community service. He intends to major in economics and history.

Book Fair

An antiquarian book fair will be held Saturday, Sept. 17, at Old Sturbridge Village in Sturbridge. More than 40 antiquarian book dealers will exhibit and sell a variety of rare and out-of-print books, hand-written materials and ephemera. Among the

items to be displayed are Americana, literary first editions, famous autographs, 17th- and 18th-century books and specialty works on whaling, transcendentalism, hunting and fishing, mountain climbing, navigation, cooking, architecture and science.

Volunteers

Visiting Nurse Association HomeCare is seeking volunteers to work in the hospice and AIDS care programs.

Volunteers provide companionship and support to the

patient and family facing life-threatening illness. Volunteers undergo a specially designed training program covering such areas as communication, the role of the volun-

teer, death and dying and effective listening.

Interested individuals should contact Patricia Murphy, hospice director, 1 Union St., Andover.

Joseph M. Fox

Joins Firm As Marketing Executive

Joseph M. Fox, formerly of Andover, a marketing executive, recently resigned his position with Warner Cable in Wakefield.

"The time has arrived to take a sharp turn in my communications career. I have achieved everything in the company's advertising sales that I aimed for. Now is the time to challenge myself," he said.

Currently living in Natick, Fox has joined JD/Advertising and Design in Wellesley as the principal marketing executive and senior partner.

The youngest individual Olympic winner was American Marjorie Gestring who took the springboard diving title at the age of 13 years, 268 days at the 1936 Olympics.

At The Playgrounds

Bancroft: The seventh week at Bancroft playground started with magnets, made by Megan Munroe, Tammy Taggart and Mark Cutler. Crane's Beach on Tuesday was enjoyed by Alan Hibino, Michael Mulcahy and Tiffany Lewis, who helped create "The Olympics" sand sculpture. Ali Munroe, Brandy and Bridget Crowys and eileen Sweeney enjoyed the air and competition on Wednesday. Tobin Cutler, Caitly Murray and Stephanie Brown did silhouettes on Thursday. Stevie Hibino, Brent Sheehan, Eric Egmont and Rachel and Tracey Geldart enjoyed decorating cupcakes—and eating them. Poms Pond Fun Day ended the week with games and fun.

Sanborn: The Olympic sand sculpture at Crane's Beach on Tuesday as great. Sophie Lam and Christina Carusone helped by collecting water. Ellen Mullane did a great job building the Olympic rings as did her sister Julie, and Shannon Breen. The magnets and totem poles made came out great. Karen Tessier made a super totem pole from outer space. Jeff Smith tried to create a wolf and bear on his totem pole. Marcy Ruda drew portraits of all the Sanborn staff. The air bands were great. Heather Tessier, her sister, Karen, and Maura McConville danced to and sang "La Bamba." Erin McConville was the lead singer for the Grateful Dead. The rest of the group was Amy Lumley, Ellen Mullane and Lisa. Lindsey Strube, Julie Mullane, Shannon Breed and Viki Pierce were the lollipop girls. Christine Carusone was the baby lollipop. Lindsey, Julie, Viki and Christine also played the California Raisins singing "I Heard it Through the Grape Vine." Sophie Lam was the holder of the applause sign.

South: The week began with a trip to Crane's Beach for the annual sand castle building contest. All the playgrounds worked together to build their version of the Olympic symbols. Rebecca Parks, Tim Sheehy, Mike Sheehy, James Paul and John Sibelle, Gary Smylarian and Charles, Patrick and Jennie Murnane as-

sisted. The air band competition was held in Central Park on Wednesday. Danny Barch performed the Monkees' "I'm a Believer" with background vocals by Tim and Michael Sheehy. Sarah Kality, Rose and Juliet Gaboski also performed.

West: The week started with practicing for the air band competition. Three new kids signed up at the playground: Jessie and Ryan Whitworth and Joel Elzweig. Beth Cummins, Spanky, Brian Tisbert, Andy Lynch, Teddy Buschema and Greg Peters had fun at Crane's Beach on Tuesday. While Spanky basked three feet under the sand, the others worked on the sand Olympic display which had the rings, medals, torch and flag. After Spanky was pulled out, he helped with the sculptures. On Wednesday, Jenn, Christine and Becca sang and danced to the star of "Cupid," Dave Charland. The prize Cupiders were Aimee Ferry, Beth Cummins, Brian Tisbert and Mike Kelley. Matt Grunther, Jason Pratt, Anthony and Jimmy Rita were the star players in a softball game on Thursday. Nature collages were also done. Friday was Poms Pond Fun Day with all sorts of relay races and the water was refreshing.

Shree-Hee/Shaw-Nee: Newcomers to the Shree-Hee group include Cheryl Biggio, Ericka Douvadjian, Saxon Schelfhaudt, Adam Sorgi and Meredith White. Shaw-Hees welcomed Alex Caplan, Eric Jenike, Matthew Jones, Melissa McDade, Mattheer Rosensweig, Chris Sullivan and David Stetson. Everyone got acquainted with name tags and name games. Bead necklaces kept everyone busy for quite a while. The Shree-Hee played duck duck goose while Shaw-Hees played golden fleece in the gym. Rocks were painted on Tuesday and barnyard holler was played (the pigs and lions both got a lot of candy) and popsicles cooled everyone off. Balloons with our names in them were lunched on Wednesday to see how far they'd fly. Sprinkler play and water balloons helped beat the heat. Joshua Pisco and Sara Jenike made nice popsicle stick pictures. On Thursday Corey Hayes, Carolyn

Johnson, Alex Caplan and Christine Smaglia made totem poles with toilet paper that came out really well. Animal crackers were painted with colored frosting, alligator tag was played and soap bubbles were made. On Friday the Shree-Hees and Shaw-Hees went on a hike to the Iceland Road playground and collected leaves and things to be used to make nature collage.

Ha-Kow-Wee: Monday was spent practicing for the air band competition. Julie and Philip DiBlasi, Jeff Irvine, Lindsey Pearson, Jason Shaw, Matt and Andy helped in the building of the American flag at Crane's Beach on Tuesday in the sand-building competition while Matt Donohue, Shaun Flynn, Tom Meagher and Dan Minkinen made their own fort. Many of the campers participated in the air band competition on Wednesday.

Poetry Contest

The St. Francis Institute poetry contest runs all year long.

The poems have a 32-line limit and must be typed on 8½-by 11-inch white paper with the poet's signature, address and phone number on each page. Entries may be unlimited and on any subject. Each poem is judged on its friendly mood and inspirational value.

The institute recognizes a poet of the month and gives him or her \$25 or a free assessment at SFI. From among the poets of the month, the institute picks a poet of the year.

Coping With Hot Weather

Hot weather is usually accompanied by an increased use of electricity, due to some extent to the use of air conditioners. According to Massachusetts Electric, there are ways to keep cool using less electricity and reduce electric bills.

- Check the air conditioner's filters at least once a month and change them as often as needed. Clogged filters lessen efficiency and could damage the unit.

- Buy the air conditioner that is the correct size for the area you want to cool. Check tags and labels for this information.

- If the unit has an adjustable thermostat, don't set it lower than 78°. This temperature is the best balance between comfort and conservation.

- Keep storm windows installed year round in the rooms that are air conditioned. This will help keep the cool air from escaping and the warm air from entering.

You don't need an air conditioner to keep cool.

- Use window fans. Not only do they use less electricity, they're less expensive, too.

- Install awnings and overhangs to keep the sun's heat from coming through the windows.

- Schedule heat-producing activities, such as ironing, cooking or laundry, for early morning or evening. Use a clothes line instead of a dryer.

- Keep curtains and shades drawn during the day to eliminate the heating effects of sunlight.

Southwick-Burks

Deborah Parnelle Burks, formerly of Andover, daughter of Dr. William and Judith Burks of Princeton, N.J., was married Aug. 13, 1988, to Michael John Southwick, son of Jack and Ruth Southwick, also of Princeton. The Rev. Bruce M. Webber performed the ceremony at Trinity Episcopal Church in Princeton.

Given in marriage by her father, the bride was attended by her sisters, Elizabeth Burks Becker and Katharine Burks Hackett, as matrons of honor. Bridesmaids were the groom's sister, Susan S. Lyons, Sarah E. Burchfield, Ann L. Joseph, Gwendolyn P. Killam, Kerry M. McDermott, Julie A. Morgan and Sarah P. Sword.

Daniel R. Southwick was his brother's best man. The bride's brother, William P. Burks, Jr., Paul A. Becker, Stephen W. Bernstein, William F. Hackett, Christopher A. Lyons, Marcus O. Maryk, Brian A. Renand and Lawrence H. Shannon were ushers.

Sarah M. and Scott Lyons, niece and nephew of the groom, served as flower girl and ring bearer.

The bride wore a Chinese silk gown with a cathedral train of Alencon lace and pearls. Her veil had a scalloped trim. She carried a bouquet of white roses and gardenias.

The couple took a wedding trip to Hawaii.

The bride graduated from Princeton Day School and with the class of 1985 from Vanderbilt University in Nashville, Tenn., where she received a bachelor of science degree in elementary education. She has spent the last three years teaching at the Pike School and will teach second grade at Greenwich Country Day School in Greenwich, Conn., in the fall.

The bride's father is a partner of Princeton Surgical Associates and an attending surgeon at the Medical Center at Princeton. She is a granddaughter of the late Cyril S. Stanley, former general counsel for Rockefeller Center Inc. and Mrs. Stanley of Rossmoor, N.J., and also of Mr. and Mrs. Harry G. Burks, Jr., of Hightstown, N.J. Her paternal grandfather, now retired, was worldwide coordinator of refining for Standard Oil Co. of New Jersey.

Mr. Southwick, also a graduate of Princeton Day School, received a bachelor of arts degree in government from Georgetown University in Washington, D.C., in 1985. He received his law degree in May from Boston College Law School, where he was a member

Mrs. Michael Southwick

of the Law Review. He will begin practice with the law firm of Cadwalader, Wickersham and Taft in September. His father is managing partner of the Newark office of Ernst and Whinney. He is the grandson of the late Mr. and Mrs. John J. Southwick, formerly of North Brunswick, N.H., and Mr. and Mrs. Frederick Mallison of Whiting, N.J.

The couple will live in Rye, N.H.

April Wedding Planned

Mr. and Mrs. Charles E. Gill of Melrose announce the engagement of their daughter, Jean M., to David C. Golan, son of Mr. and Mrs. Donald P. Golan of 61 Wildrose Drive.

Miss Gill is a graduate of Melrose High School and attended North Adams State College. She works in the asset management department of the Leggat McCall Companies in Boston.

Her fiance graduated from Andover High School and the University of Vermont. He is an account representative at Access Technology in South Natick.

An April wedding is planned.

Lipfert-Ippolito

Laura Ann Ippolito, daughter of Mr. and Mrs. Joseph C. Ippolito of Elm Street, and Raymond Maxwell Lipfert, son of Mr. and Mrs. Raymond Lipfert of Lawrence, were married June 12, 1988, at Holy Rosary Church in Lawrence.

The Rev. Robert Terranova performed the ceremony.

Given in marriage by her father, the bride was attended by Christine Ippolito of Methuen as matron of honor and by Sharon O'Neil of Lawrence as maid of honor. Her bridesmaids were Ann Marie Bellia, Denise Lipfert-Kwok and Mary Ann Lipfert of Lawrence, Joeann Coco of Salem, N.H., and Shelly Ippolito of Andover. Nicole DiGulio of Methuen served as flower girl.

Jeff Caron of Lawrence was the best man. Joseph Ippolito and William Henrick of Methuen and Joseph Balsamo, Bosco Kwok, Thomas Ferris and Steven Milonz of Lawrence were ushers. Brian Joseph Perrault of Salem, N.H., was a junior usher.

Following a reception at DiBurro's in Bradford, the couple took a wedding trip to Disney World and the Florida Keys.

Mr. and Mrs. Raymond Lipfert

The bride graduated from Essex Tech and is a lab technician at Columbo Yogurt.

The groom graduated from Salem State College and is a programmer/analyst at Honeywell Bull.

The couple lives in Andover.

Laura Crossan Engaged

Mr. and Mrs. Ralph S. Crossan of Sequoia Lane announce the engagement of their daughter, Laura Jane, to Scott Frank Van Ryswood, son of Mary Van Ryswood and the late James Van Ryswood.

Miss Crossan is a graduate of Andover High School and received a bachelor of science degree in business administration from Colby Sawyer College.

Her fiancé, a graduate of Nauset High School, is a master plumber and is self-employed as a builder.

A September wedding is planned.

Museum

Just a few minutes from Route 195, the Marine Museum, nearby Battleship Massachusetts and Heritage State Park are prime historic attractions in Fall River and southeastern New England.

The Titanic exhibition at the museum includes a one-ton, 28-foot-long model of the White Star liner, the largest and most luxurious passenger ship of its time. Museum visitors can hear personal recollections of a survivor of the tragic sinking in 1912. The exhibit features a detailed video voy-

age around and inside the ship during its recent discovery and exploration by a team of scientists from the Woods Hole Oceanographic Institution.

Tutors

Volunteers are needed at the Adult Learning Center in Lawrence to help teach adults to read and write. An orientation will be held Wednesday, Aug. 24, at the Adult Learning Center, 599 Canal St., at 6:30 p.m. For further information, contact Susan Dowd.

Back To School

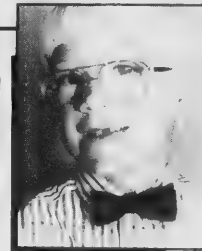

Wheelock College is offering an associate's degree program for adult learners in early childhood education. Wheelock holds courses on and off campus and in the evening.

The college's Graduate School also has off-campus courses, such as child development and interpersonal skills of leadership, this fall.

Temple Readies For Holidays

Temple Emanuel of Andover will celebrate the high holidays in Andover for the ninth year as the temple begins its 68th year of service to the Jewish people of the Greater Merrimack Valley.

Temple Emanuel was organized in 1920 by a group of men and women who wanted to build a house of worship that incorporated the best of the traditional with the beauty and inspiration of the modern.

Temple Emanuel is a Liberal-Progressive congregation, affiliated with the Union of American Hebrew congregations.

"Its mode of worship is patterned to answer the needs of American Jews who remain aware of their ancient past, yet take cognizance of the fact they are living in the United States in the 20th century," say temple officials.

They added that the role of women in Judaism is recognized as a right, and women are accorded the same Torah and ritual honors as men.

Temple Emanuel also provides for Jewish education beginning with the nursery school and continuing to 10th-grade confirmation class. The religious school provides kindergarten class and first and second grades on a once-per-week basis. Third-grade students attend religious school two afternoons a week in addition to Sunday mornings as they study for bar/bat mitzvah and confirmation.

Adult education programs include ongoing annual lectureships, visiting speakers and varied programs also open to the community. Youth group programming, as part of the National Federation of Temple Youth, is also an integral part of Temple Emanuel.

The high holidays will begin Sunday night, Sept. 11. Unaffiliated Jewish families interested in affiliating with an established congregation are asked to contact the temple, 7 Haggetts Pond Road.

Churches Worship Jointly

Sunday marks the second exchange between Ballard Vale United and West Parish churches. Worship for both congregations will be at 7:30 a.m. at the West Parish Cemetery Chapel.

The Rev. Joseph LaDu will be preaching. Last Sunday, Ballard Vale pastor Rev. Susan Morrison welcomed members from West Parish to her church. Using the biblical book of Ephesians as her text, Morrison preached about Christian unity.

Sisterhood Meeting Convenes In September

The September board meeting of Temple Emanuel's Sisterhood will be held Sept. 6 at 12:30 p.m. at the temple. A Sisterhood pre-membership tea will take place Sept. 15 at 7:30 p.m. at the home of Carol LeBovidge, 93 Bonni Lane, North Andover.

The executive board has closed the Sisterhood's thrift shop. The shop will close its doors Aug. 31.

H & R Block's 1988 Course Teaches Newest Tax Laws

The only sure thing about tax laws is that they seemingly change from year to year. That's why so many people annually enroll in the H&R Block Tax Course.

This year's classes will introduce participants to the latest tax laws. Students include homemakers preparing for new careers, retirees preparing for second careers and people just interested in learning more about tax return preparation. Many professional tax practitioners even first introduced to their profession through the H&R Block Tax Course.

H&R Block has been teaching Americans how to prepare individual tax returns for 22 years. Its highly respected

course provides successful graduates with Certificates of Achievement and 7.5 units of continuing education credit. Qualified graduates may be offered job interviews for positions with Block. Block is, however, under no obligation to offer employment, nor do graduates under any obligation to accept employment with Block.

This year's classes start on September 12th and last through November 11th. The course includes materials, supplies and a \$250.00 tax credit certificate. Classes are held on Tuesday, Wednesday or Saturday.

Additional information and registration form available by calling 1-800-872-5040.

Diana Marino To Continue Family Tradition Sunday

Performing the Flight Of The Angel at the annual Fisherman's Feast in Boston's North End has been a Marino family tradition for about 70 years. And, this year Diana Marino, 10, will carry on that tradition.

She will be lowered on a pulley from the third floor of a building to the street — North Street, in Boston. Diana's father, James of Spruce Circle, taught her a prayer in Italian. She will recite the prayer in the traditional dialogue. It asks the Madonna to help and protect everyone, especially those people who are direct descendants of Sciacca, Sicily — where the Fisherman's Festival began in the 13th century because of the town's involvement in the fishing industry.

Diana is succeeding her older sister Andrea, 12, who acted out the angel's part for the past four years.

This performance is the finale of the four day Italian festival organized by the Madonna Del Soccorso (Help) Society, which consists of about 75 men who are direct descendants from Sicily.

Tradition also plays a role in membership to the society. Marino's grandfather, Vincenzo, was one of its founding fathers. And, since then, every generation has followed in his footsteps. Marino's father, Peter, was chairman for several years and Marino has been a member himself for 20 years. He is currently the secretary.

The Fisherman's Feast is the oldest in the North End and has been taking place for 77 years, said Marino. "When the Italians first came to America, they brought their tradition with them," he added.

It begins tonight at 7 p.m. with a procession from North Street to the Waterfront in the North End, where fishing boats will be blessed and prayers will be said for deceased fisherman.

Musical entertainment will be provided Thursday through Friday nights at 8 p.m. The band's will perform on North Street.

Sunday marks the last day of the Italian festival and a parade begins at 1 p.m. There will be a procession through the streets in the North End until 7 p.m. The Flight Of The Angel will take place on North Street at that time.

Regional Lab Is Resource For Educators

By Julie M. Barry

Nestled in a Victorian house on South Main Street is the Regional Laboratory for Educational Improvement.

There's no scientific experiments going on at this laboratory. Instead, the people inside bring research on educational issues—subjects like what makes a student drop out of school—to educators and policy-makers. The idea is that, with the research in hand, improvements will be made within school systems.

The Regional Lab is one of nine across the country, and it serves New England, New York, Puerto Rico and the Virgin Islands.

The primary job of the Regional Laboratory is to provide a link between research and the classroom.

A network of research and development centers stretch across the country, and, according to Janet Angelis, communications coordinator of the Andover facility, "the lab's role is to link the research to the practitioner." And, she said "the lab translates the research so it's useful to educators."

The lab staffers disseminate information via publications such as *The Regional Lab Reports*, *The Cutting Edge* and a newsletter. In addition the lab helps organize conferences on educational issues.

Conference topics have included dropout rates, teacher shortages and ways to attract and retain quality public school teachers.

Through its work, the lab helps educators, policy-makers and researchers learn from one another.

But it doesn't do it on its own. "Our style of working is to work in collaboration with associations in the region," Angelis said.

Many educational associations are involved with the lab. "Our pri-

mary work is with people in state education departments, universities, independent service providers, professional associations and others who work directly with schools," Angelis said.

The lab services a vast region—it spans from northern Maine to the Virgin Islands and includes over 2,000 school districts. This amounts to a large number of teachers and students. "That's why our strategy is to work with and through different organizations," Angelis said.

The Regional Lab is a non-profit organization funded primarily by the U.S. Department of Education. It is governed by a board of overseers made up of 41 educators throughout the region.

"Every educational constituency is represented on the board," Angelis said, citing teachers, administrators and state and local board members as examples. Ten seats are permanent and held by the region's nine commissioners of education and the chancellor of New York City public schools.

The governing board selects its members from a list of nominations made by Regional Laboratory members. Each serves a three-year term. The board's major responsibilities are policy-setting and program guidance.

Maintaining a regional perspective is an underlying philosophy of the lab. "Laboratories are generally the only organization in their region whose reason for being is school improvement throughout the region," explained David Crandall, executive director of the Regional Laboratory. "A laboratory offers a regional perspective and serves as a bridge to

How Andover Uses Nearby Research Lab

Andover's school system takes advantage of having an educational research organization right down the street, but no more than anyone else.

That's according to Lois Haslam, Andover's assistant superintendent for curriculum and instruction. "We do use their services for workshops and research—just as any community would," said Haslam, adding, "just because it's in our backyard doesn't mean we're tied in."

Making educators in the region aware of successful school programs is one service offered by the lab. And, according to Janet Angelis, communications coordinator of the Regional Laboratory based in Andover, the lab also helps the schools pursue programs that fit their

needs.

AIRS, Andover's Integrated Reading System, is one of many programs that have been featured in a Regional Lab publication, Angelis said.

The language arts program, which emphasizes literature, is used in all of Andover's elementary schools, and it was evaluated in the mid-'70s by the Joint Dissemination Review Panel, an educational government agency. "AIRS was considered exemplary," said Terry Murphy, program adviser for language arts in Andover.

In view of this evaluation, the AIRS program can now be used in other communities with similar needs. "The idea is that people don't re-invent the wheel," Murphy said.

Marriott Sign Gets Go-Ahead

By Frank Messina

The Marriott Corp. received final approval from town officials to install a sign near the River Road exit off Interstate 93 at a Board of Selectmen's meeting Monday night.

The decision to permit the sign on town land pleased Marriott officials, who have maintained that guests find the route between the hotel and the interstate complicated and confusing without a sign to provide directions.

Monday night, the selectmen agreed. Following the lead of the Zoning Board of Appeals, who last week tentatively approved a variance to Andover's sign ordinance, the board voted 3-0 to permit the sign's construction. Board Chairman William Downs and Selectman Gail Ralston were absent.

"I'm not for giving up town land to put up private signs, but for safety reasons, I'm behind this," said Selectman James Barenboim.

Barenboim recalled an instance where fellow Selectman Charles Wesson noticed a group of people in a car who appeared to be looking for the hotel after exiting the River Road off ramp. Lost and confused, when they got back on the highway going the wrong way, Wesson gave chase and managed to guide them to the hotel.

It isn't unusual for guests to lose their way, said Bill Skoglund, Marriott general manager. The Marriott recently gave 2,000 cards printed with hotel directions to a gas station located at the highway exit.

PA Headmaster Goes On Sabbatical

Donald McNemar, headmaster of Phillips Academy, will be on sabbatical next year and he has appointed Peter McKee, former chairman of the science division, as acting headmaster during his absence.

McNemar announced several other appointments to positions of administrative and academic leadership effective next year.

Leslie Ballard, currently chairman of the chemistry department, will also become chairman of the science division, replacing McKee.

Hale Sturges will chair the language division for three more years.

Henry Wilmer will succeed Natalie Schorr as chairman of the French department.

Nat Smith will succeed Doug Crabtree as chairman of the mathematics department.

Bob Perrin will succeed McKee as chairman of the physics department.

George Dix was appointed chairman of the Spanish department, replacing Margarita Curtis, who is taking a leave of absence to complete her Ph.D.

OPINION

THE TOWNSMAN, AUGUST 18, 1988

Attention To Basics

A recent survey taken among parents of middle school and high school aged youngsters, indicated a desire for the school department to pay more attention to the teaching of basic skills, such as reading, writing and science.

While the advisory is worthwhile and in need of attention by the school administration and committee, it is to be hoped that this is not a prelude to the reincarnation of the controversial issue faced by the school department a few years ago.

Not too long ago, within the past decade, a desire to be more attentive to the three R's resulted in the formation of a traditional school located in one of the town's elementary schools. The idea has since been abandoned and all Andover children receive the same educational opportunity.

But, the recent survey, conducted by the Secondary Parents Group, offers some worthwhile things for the school department to ponder.

It is notable that the survey returns reached the 20 percent mark which is good in view of the fact that filling out the questionnaire was a time-consuming task.

Among the concerns expressed in the responses was that of the average student.

Many parents indicated that the poor student

and the gifted or athletically inclined student receives ample attention while average students are left to work things out on their own.

There would seem to be some agreement on the particular point and a good item for the schools to look into when working out their annual program.

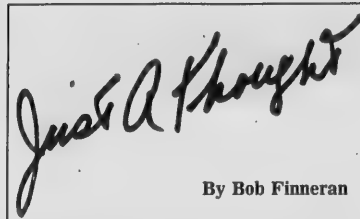

The average student does need to be challenged and since they are probably in the majority category of the school population, more attention should be given to creating programs which will produce a better student aiming toward higher accomplishment.

There were other suggestions, some possibly utopian in desires, such as creation of a teen center and also an intramural program for those not interested in interscholastic sports competition.

As for the latter, there would seem to be sufficient programs already in place, such as youth soccer and other youth programs provided by the Department of Community Services, to answer that need.

Overall, the survey would appear to offer some good guidelines for the school administration to work with in their future planning.

Undertaken by this volunteer parent organization and receiving good participation from concerned parents should be indication enough for the school department and its administration to take notice of some rather specific concerns and respond to them.

By Bob Finneran

Hesitate to mention this because I know there's a friend in North Reading that's about to holler, 'Fran, he's at it again, talking about the dog.'

But, must make positive proof that the designation of dumb animal doesn't really apply to the canines of this world.

The Princess, the little blond Lhasa that has cavorted about the house for these past several years, was subjected to yet another vacation trip this past week and entrusted to the care of a brother whose house is not air conditioned.

Ours is.

Well, as has become custom, the brother went to feed her and then bring her to his house for the night, the first evening of our departure.

She was pleased with the routine that evening.

But the following night was different.

She was dropped off in her air conditioned surroundings for the day and in the evening was visited for her dinner and then the trip downtown to the 'vacation house.'

The food was fine, but applying the leash to the collar for the short trip, led to Princess digging her paws into the rug with a message that literally read, 'I'm not leaving this coolness in the hottest summer in years.'

But she did and is none the worse for it.

Mention it only to point out that in actuality they do have their limitations but I don't think they actually live up to the reputation of being 'dumb animals.'

Have noticed lately some rather intriguing business names, logos or whatever.

For instance, passed a pet store recently which carried the name 'Happy Tails.'

Then there was another which specialized in aquariums, stock and supplies for same, designated 'Wet Pets.'

But among the best I've seen in recent weeks is a flower shop which is called 'Great Stems.'

The Republican Presidential ticket has got to be as low key as it could possibly get.

George Bush may be very capable, but to get one moving oratorically, this P.A. grad would have to have John Philip Souza accompaniment in just saying hello.

Now he selects Sen. Daniel Quayle from Indiana as his vice presidential running mate.

Quayle comes from a state where the only thing that moves throughout the year is the 'Indy 500' and the only person of notable national stature is Larry Bird who virtually owns French Lick.

100 Years Ago — August 1888

Gen. John Eaton, well known to the country as U.S. Commissioner of Education under Gen. Grant and to successive administrations, now President of Marietta College, was in town yesterday, consulting as to educational matters.

Following are taxpayers in Andover, whose taxes are \$1000 or over: J.P. Bradley estate - \$1,829; John Dove estate - \$1,100; John Smith estate - \$5,849; Joseph W. Smith estate - \$1,097; Peter Smith estate - \$4,288; Smith & Dove Mfg Co. - \$2,426; Moses T. Stevens - \$2,697.

The Oak Island excursion of the Smith & Dove manufacturing company came off last Saturday. The Andover Brass Band accompanied the excursionists and provided some excellent music.

About \$13,000 has already been paid into Collector Putnam, on current tax account.

Eight shares of Andover National Bank stock belonging to the estate of Hannah P. Osgood, of North Andover, were sold at auction in Boston last week for \$141 per share.

One of the notable things of the week, quite aside from all political relations, has been the arrival and reception of James G. Blaine—a private citizen returning to his home after a year of rest and travel in Europe.

75 Years Ago — August 1913

Herbert L. White is working at the pumping station at Haggetts Pond in the absence of George Spickler, who is having his vacation.

The annual picnic of the employees of the Tyer Rubber Company will be held tomorrow at Nantas-

ket Beach.

John Symonds, formerly of this town, who for some time past has been stationed on one of the U.S. battleships near Mexico, has returned to Boston and visited friends here last week.

Mrs. M.E. Dalton and children of Main street left town Saturday for a two weeks' vacation at Salisbury beach.

Invitations have been issued for the silver wedding observance of Mr. and Mrs. William B. Cheever, which will take place at their home on Chestnut street, August 21.

Numerous warning signs have been placed around town this week at street corners directing automobiles to run slowly and sound their horns.

The Fourteenth gathering of the Bailey-Bayley Family Association will be held September 6 at Glen Forest Park, Lawrence.

All persons wishing to have their nomination papers certified must do so on or before Saturday, Aug. 16, as that will be the last time the Board of Registrars will be in session for that purpose.

50 Years Ago — August 1938

Miss Nellie Trainor of Whittier street is vacationing at Wells Beach, Me.

Catherine Clarke of Bridgeport is visiting with Mr. and Mrs. William Simmons.

The town may be asked at the special town meeting for a sum of money to expend in connection with state and county funds on the widening of North Main street where the car-tracks were formerly located.

For Those Of Us Who Are Older

By Dorothy M. Winn

The summer lunch program at the senior center continues through Friday, Aug. 26. All Andover residents age 60 and older are eligible. Nutritious meals are served at 11:45 a.m. Monday through Friday for only 50 cents. Reservations must be made by calling 470-3830 before 4 p.m. on the business day preceding the lunch you plan to attend.

The annual Council on Aging Chicken Barbeque at the Log Cabin in the Bird Sanctuary at Phillips Academy is scheduled for Wednesday, August 31. The fun begins at 11:30 a.m. with a chicken barbeque featuring one-half barbequed chicken and all the fixings. Chet Harnden and his one-man band will provide entertainment. Tickets cost \$6. Space is limited, so get your ticket today.

Activities at the senior center will be cancelled the week of August 29 through September 2 to allow a thorough cleaning of the senior center. Traffic in the building must be eliminated in order to scrub carpets and wax the floors. There will be no bingo, classes or lunches. The Council on Aging office will be open. You may reach the Council on Aging at 470-3830.

The fall lunch program at the senior center begins Thursday, Sept. 8.

Registration for Round 26 of the commodity food distribution program will continue through August 31. You must register for each round of commodity foods. All Andover residents over the age of 60 may register. Distribution will take place Monday, Sept. 19, from 10 a.m. to 3 p.m. To register, call 470-3830. Be sure to have name, address, phone number, social security number and date of birth ready when you call.

Only five seats remain for the Spirit of Boston Clambake Cruise scheduled for Monday, Aug. 22. Enjoy a narrated tour of Boston Harbor, New England-style clambake dinner, entertainment and deluxe coach transportation for only \$27.

On Thursday, Aug. 18, at 10:30 a.m. health educator Pat Wood will show the film "Walk: America," promoting the importance of aerobic exercise. The film will show the journey of one individual who traveled through 50 states. His story was unique and remarkable because the entire trip was done walking.

Down The Years

(Continued from Page 42)

No reply has been received from the Eastern Massachusetts Street Railway yet as to the removal of the street car rails on Main street as suggested by the Board of Public Works recently.

A meeting is to be held this evening by the Andover Safety committee to give further consideration to the problem of through truck traffic in Andover.

The annual field day at Pumps Pond bathing beach will be held on August 27, the beach closing the following day. Relay races will be featured and a kayak will be awarded to the most outstanding performer.

While W.P.A. men frequently sprayed the errant sewage on the Shawsheen W.P.A. diverting drain job with chemicals, local public works and health authorities this week continued to study the problem of what should be done to remedy a bad health situation.

The much-discussed "Big Mike," the scraper being bought by the Board of Public Works on a rental plan, has again provoked a little controversy, but it has apparently been settled.

25 Years Ago — August 1963

The Rev. Bruce Van Blair conducted the regular Sunday Service of the West Parish Church this past Sunday in the West Parish Chapel. The service was noteworthy, as this beautiful stone chapel on the grounds of the West Parish Cemetery had remained closed for many years.

Mail Carrier George Hutchins had a rude, and rather painful, surprise Tuesday afternoon as he was delivering his route on North Main st. As he walked along the sidewalk over the railroad, on the east side of North Main st., a piece of concrete disappeared under his feet, and one leg vanished into the hole.

New construction, valued at \$250,224, went out on permits during July, according to the month-end report of Building Inspector Arthur Peatman.

Thomas J. Connolly, superintendent of mails in the local Post Office since 1958, has been named assistant postmaster.

John Zenevitch, manager of Macartney's of Andover, will act as chairman of the Andover Board of Trade's Retail Committee, it was announced today by President Robert Phinney.

Five sub-committees have been appointed to begin studying departments, as part of the Study Committee's efforts to determine how well the town manager charter has been implemented.

10 Years Ago — August 1978

The regional library facility, now located in the Theater Building on Essex street, may soon be looking for space elsewhere. State library officials have indicated that they are not interested in being relocated to the Cardinal Cushing gymnasium in Shawsheen and are interested in a long term lease, which the town is not in a position to accommodate, at the moment.

The lengthy controversy involving former school committee members and a deposed assistant superintendent of schools may be approaching some sort of settlement. Selectmen, town manager, finance committee members and others involved in the

matter were meeting in executive session Wednesday night specifically to examine the request of former school committeemen John F. Lyons and John G. Wragg for financial relief due to legal costs involved in the actions stemming from the 1974 decision not to continue Edward P. Regan as assistant superintendent.

Five percent across-the-board increases for "independent" town employees, retroactive to July 1, are part of a compensation package presented by Town Manager Jared S.A. Clark to the selectmen Monday night.

A plan to combine the present Departments of Recreation/Community Schools and Elder Services into a new Department of Community Services was presented to selectmen Monday night.

The individual numbers for various Andover schools and offices are on their way out. As of Monday, Aug. 28, all calls will be made to a central console — 470-1700 — which will connect with all departments.

Headmaster

(Continued from Page 39)

Max Aloviseti will be director of psychological services and chair of the psychology department while Maggie Jackson is on sabbatical.

Bruce Smith, English instructor, has been the appointed the Roger F. Murray 2nd Writer in Residence. This is a five-year position.

Walter A. Sherrill will succeed Victor Young as director of Andover's (MS) program. Sherrill, a former Chicago public schools educator, is new to the academy.

A new program, established by an anonymous \$1 million gift, will begin this fall at the academy. A visiting scholar will come to the school for one year to augment department staffing or to replace a faculty member on sabbatical. Florence E. Farber, now assistant professor of microbiology and genetics at the University of New Hampshire, will be the visiting scholar next year.

Phyllis Powell was appointed holder of the second Donna Brace Ogilvie Teaching Foundation. She teaches Russian history and English.

State Champs Prepped For Tourney

By Rick Harrison

If all went well the Andover National Major Little League All-Stars will be playing either the Maryland, Pennsylvania or New Jersey state champions (from Jersey City) today in the semifinal round of the Northeast Regional Tournament in Bristol, Ct.

A-N, trying to become the first Bay State team since Winchester in 1956 to advance to the Little League World Series in Williamsport, opened play in the single-elimination tourney yesterday against the winner of Tuesday's first round contest between Rhode Island state titlist Woonsocket and the Maine champion.

The locals, with a 10-1 overall record, left for Bristol last Monday morning in a caravan of automobiles after meeting at Deyermund Field on Chandler Road.

Last week was a busy one for the Massachusetts state champions, who were feted by the Greater Lawrence Rotary Club, toasted by family and friends at a three-hour barbecue, and kept razor-sharp by their coaches who put the Nationals through daily practice sessions following a brief two-day respite.

Rotary Club officials gave each A-N player a trophy during the lamb-tip luncheon at Bishop's Restaurant in Lawrence, and it was three hours of fun and games in the big sendoff on Saturday at Deyermund Field.

The 10-day layoff between the clinching of the state title and the beginning of play in the Regionals was welcomed by the Nationals.

"We were happy to have it," said manager Jim Arnold. "We only used two pitchers (Toby Guzowski and Rick Sagese) in the 11 games, and I was especially glad they had some time off."

"It also gave us a chance to enjoy the state title, and made it much easier to

complete all the travel arrangements for Connecticut. Some of the other state tournaments didn't end until this past Sunday, so the extra rest should work to our advantage."

The Nationals are decked out in new red, white and blue uniforms at the Regionals, blue jerseys with the word "Massachusetts" emblazoned on the front, white pants and red trim.

Doherty Takes Playoff Opener

By Rick Harrison

Paul Goodman bounced a clutch RBI single to centerfield in the bottom of the 10th inning, scoring Dan Hayes and lifting regular season champ Doherty Insurance to a dramatic 5-4 victory over Frosty Mug in the opening game of their best-of-five Andover DCS Men's Softball League championship playoff series Monday night at Rec Park.

The victory was the 13th straight for Doherty, which entered Tuesday night's second game with a spectacular 25-1 overall record including 3-0 in the playoffs.

The third game of the series was scheduled for last night. If a fourth game is necessary it will be played this evening at Rec Park, and should the series go the limit the fifth and deciding contest is slated for next Monday night.

Doherty, 22-1 during the regular season, and second place Mug received byes into the semifinal round of the playoffs.

In the meantime, fourth-place Howe Agency swept past fifth-place Town Grill in their best-of-3 quarterfinal with the opener going 13 innings before Howe pulled it out 4-3 deep into the night.

Third-place Christy's Market eliminated sixth-place Jake's in a tough three-game quarterfinal series.

Christy's scored a pair of unearned runs in the final inning to win the opener, 3-2, Jake's piled up 16 unanswered runs to overcome an 8-3 deficit and earn game two, 19-8, and then Christy's won the rubber match 6-1.

Doherty, looking for its first DCS title in many years, swept defending playoff champ Howe 4-3 and 4-0 in their best-of-3 semifinal series.

The masters of the come-from-behind victory did it again in the opening game against Howe, erasing a 3-2 deficit with a pair of runs in the bottom of the seventh.

Dan Hayes ripped an RBI triple to rescue Paul McIntyre with the tying run, and then Goodman came through in the clutch once again by lashing a patented up-the-middle single to plate Hayes with the winning marker.

Goodman also keyed the 4-0 second-game triumph by displayed his mound skills, tossing a crisp three-hit shutout.

In the other best-of-3 semifinal Frosty Mug, the 1987 regular season

State Champs

(Continued from Page 46)

The players are being housed in a classroom at the Edgewood School in Bristol, and all games will take place at a two-field complex behind the school.

Last week's practices including some extra-fast pitching from imported left-hander Jim Hanning and coach Red Harris.

Hanning was a mainstay on A-N's first state tournament qualifier two years ago, and he gave the Nationals a little different look because he's a southpaw.

"We haven't faced any lefties yet in the tournament," said Arnold. "But these kids shouldn't have a problem with that because during our regular in-town season most of them had to bat against Toby and Rick. They're accustomed to hard-throwing left-handers."

Hard-throwing righties, meanwhile, were provided in the Bi-District games by Arlington and Lynn Wyoma.

"When we arrived Monday afternoon our guys found out that the other teams are just as big as they are," said Arnold.

champ, swept past Christy's Market 9-7, 5-0.

Championship Opener

Doherty, which captured its first 12 games this season before dropping a 4-3 decision to Christy's for its lone loss through Monday's play, came from behind three times before pulling out the thrilling championship series' opener in the 10th.

The Mug moved ahead 2-0 in the top of the first inning, but Doherty came back to tie it with two runs of its own in the home half.

It remained 2-2 until the fifth, when the rivals exchanged single runs, and they duplicated that in the seventh to force extra innings at 4-4.

Doherty tied it in the seventh when Ed Caselden beat out an infield hit. He moved to second base on an overthrow, hurting his knee in the process, and courtesy runner Keith McIntyre eventually scored to make it 4-4.

John Berndt outduelled hard-luck losing pitcher Kevin Goddess, both working the marathon distance, with Berndt blanking Frosty Mug throughout three tense extra innings.

Paul Goodman's game-winning RBI single in the 10th chased across Dan Hayes, who was credited with a double when his line drive bounced in front of a diving Mug outfielder and skipped a short distance past him.

The game was replete with outstanding defensive plays on both sides. Keith McIntyre was robbed of a homerun at one point, while fine fielding plays were made by Doherty third baseman Ed Caselden, shortstop Bill Brennan and second baseman Paul Fortier.

While Doherty has not produced the kind of power expected this season, solid offense has been provided by brothers Keith and Paul McIntyre, Dan Hayes and Paul Goodman.

"Keith seemed to find a groove between first and second base late in the season, coming up with a lot of key RBI hits for us," said coach Jay Doherty. "Paul is our top homerun hitter, and both Hayes and Goodman have produced big hits in the playoffs."

Monday's victory was Doherty's fourth straight over Frosty Mug this summer, the first three by sizable margins. The Mug finished second to Doherty during the regular season.

Named To Soccer Team

Four Andover youths were named to the Essex County Under 13½ boys' soccer team.

Michael D'Agostino, Michael Famiglietti, Reggie Hayes and Brendan Sullivan participated in the County Summer League with the championship tournament taking place last weekend in Topsfield.

The Essex County team won all four of its playoff games to secure the state championship. Their opponents found it difficult to score against the outstanding defensive playing of Famiglietti and Sullivan and the goaltending by D'Agostino.

The three were also invited to participate in an international soccer tournament in Ottawa, Canada, the first weekend of September.

Blue-Gold Team In Tourneys

By Rick Harrison

The Andover Blue and Gold baseball teams will combine talents this week in two separate ventures.

The Blue-Gold team is first scheduled to face the Chelmsford Babe Ruth team in a two-game, non-league home-and-home series.

The opening game was scheduled for last night at Andover High, and game two is slated for this evening at Varney Field in North Chelmsford (5:30 p.m.).

Saturday the Blue-Gold crew opens play in the annual Winthrop Invitational Babe Ruth Tournament, a double-elimination affair which also includes teams from Chelsea, Revere, Everett and host Winthrop.

Andover begins Saturday afternoon at 1 p.m.

Players comprising the Andover squad for the Chelmsford series include

Bill Batchelder, Bobby Sheehan, Bryan Smith, Joe Marinaro, Matt Orlando, Brian Novelline, Chris Lane, Jim Landry, Peter Arthur, Mike Daley Scott Halecki and Jim Hanning.

Unavailable for Chelmsford but participating in the Winthrop tournament will be Mark Hopkinson and Brendan Sharkey.

As separate teams this summer Blue and Gold both won their fourth straight Greater-Reading Pony League division championships, reached the playoff finals, and squared off in a best-of-3 title series which Blue swept by 6-5 and 8-5 scores.

The two Andover teams have combined to captured four consecutive GRPL championships, two apiece, and Blue finished 19-2 this year while Gold was 14-6-1 overall.

New Definition Of Ownership Treatment

Effective August 1, Audi is backing its products with the most comprehensive risk-free ownership experience ever offered to new-car purchasers in the United States. Every purchaser of an Audi 80, 90, 100 or 200 will drive away from the authorized Audi dealership with ownership coverage second to none.

The company calls this "The Audi Advantage."

The Audi Advantage, stated most simply, is the tangible expression of an entirely new philosophy of customer treatment.

"Car-buyers in our market segment rightfully expect automobiles which represent the ultimate in technology and refinement. They are special people, buying special cars and Audi is treating them specially," according to Richard L. Mugg, vice president in charge of Audi of America, Inc.

"As of August 1, Audi is redefining the elements of automobile ownership by providing unmatched security for the car and the buyer from delivery to trade-in," automotive journalists from around the country were told at a preview of the company's new line of 100 and 200 automobiles at the Salishan Lodge in Michigan.

Elements of The Audi Advantage:

Schedule maintenance costs are reduced to practically nothing. For the first three years or 50,000 miles, all scheduled maintenance, all routine repairs, all dealer visits, all routine oil changes are paid for when the work is performed at an authorized U.S. Audi dealer. This includes wear items such as wiper blades, brake pads, light bulbs, wheel alignments and so on, even to topping off wiper fluid during scheduled service.

During this period, Audi will pay for virtually everything but damage, negligence, abuse or normal wear and tear of soft trim items. Tires, as usual, are warranted by the manufacturer.

Audi's three-year, 50,000-mile limited warranty remains in full effect.

Audi's limited warranty against corrosion perforation of the car's fully galvanized body is being extended to 10 years.

Three-year membership in the United States Auto Club, Motoring Division, Inc., a roadside assistance program which offers Audi owners a range of emergency highway and travel assistance, is provided as part of The Audi Advantage.

Finally, The Audi Advantage offers buyers certified trade-in value through its Guaranteed Resale Index. From two to

four years after initial purchase, an owner is assured when trading for a new Audi that his vehicle has retained at least the same percentage of its original base

Within two months, the gas station needed another batch of cards, Skoglund told the selectmen.

Tentatively, Marriott plans to make the sign 9 feet tall and 10 feet wide with the company logo and directions to the hotel featured prominently. Hotel officials also agreed to leave space for other businesses in the same vicinity as the Marriott.

Skoglund said he was "very pleased" the sign received approval from the selectmen and the ZBA. "It's always been one of our biggest problems," he said. "I'm glad we've gone past this hurdle."

Skoglund added that the hotel will begin working with a sign committee composed of neighborhood residents to hammer out an agreement on the final design and size of the sign.

lue retention of the comparable Mercedes-Benz, BMW and Volvo. Should the published value of the Audi be below that average, Audi will make up the difference, either toward the down payment for the new Audi or in cash to the owner.

"We're as proud of the potential for virtually risk-free ownership for Audi customers embodied in The Audi Advantage as we are of the cars we make," Mugg said. "Obviously, we could not have created The Audi Advantage if we were not completely confident of our products and of our future in the U.S. market. When we disclosed our philosophy of customer treatment to our dealers, they applauded long and loud. We are ready, and they are ready, and a new era in car ownership is beginning."

"Frankly, we see this as being completely consistent with the heritage of Audi, the company which throughout its existence has been known for technological leadership in its interpretation of the automobile. It is fitting that this should be the company that now provides comprehensive assurance for those who buy those automobiles."

"We don't think we'll be alone out front forever. Audi, today, is announcing the future of luxury car ownership and other companies are certain to join us—later."

The Audi Advantage is available at Park Audi, 222 Lowell St., Lawrence, 686-9743.

Research

- Teacher Development: emphasizes both staff and curriculum development

All of these have been priorities since the inception of the Regional Laboratory in 1985, Angelis said.

In determining priorities, she added, "we're constantly sensing the needs of

the region and what the educators need."

Membership is open to organizations that agree with the Regional Laboratory's basic ideology: that it's possible to improve education by applying research and development and validated craft knowledge.

Digital Participates

Massachusetts Electric Company, a retail subsidiary of New England Electric System (NEES), announced that Digital Equipment Corporation, the world's leading manufacturer of networked comput-

er systems, is the first participant in the utility's customer designed program. This program was developed to address the varied energy conservation and load management needs of the utility's largest commercial and industrial custom-

ers. The customer designed program and the performance contracting program are part of the "Partners in Energy Planning" conservation and load management program. The five-year goal of the total program for all NEES

companies is to reduce demand for electricity by 230,000 kilowatts and reduce yearly electricity use by 335 million kilowatt-hours by 1992.

Mass. Electric serves 872,000 customers in 146 Massachusetts communities.

Open House

Area residents who have been thinking about going back to college on a part-time basis are invited to an open house and orientation program hosted by Northeastern University at Peabody Veterans Memorial High School, Lowell Street, Peabody, on Wednesday, Sept. 7, from 5:30 p.m. to 8 p.m.

WE JUST MADE IT EASIER FOR YOU TO GET INTO A SAAB.

LEASE A SAAB 900 AT OUR NEW, LOW \$249 A MONTH.

Saab has just established a new subsidiary: Saab-Scania Financial Services Corp. This allows us to provide you with a more complete financing package. It also allows us to be more competitive.

For example, if you want to lease a Saab 900, our new program allows you to do it for as little as \$249 a month. Because now Saab's own residual values are higher than most other sources, so your monthly payments are lower.

To make it even more attractive, all that's required down is the first month's lease payment plus a small security deposit.

Come in and talk to us today. There's never been a better time to lease a Saab.

SAAB
The most intelligent cars ever built

For example, a 1988 Saab 900 3-door, 5-speed MSRP of \$19,770, excluding taxes, license, or options, leased for 88 monthly lease payments of \$249.82 totaling \$19,474.82. 1st month's payment of \$249.82 and \$250 refundable security deposit required in advance. Prices include a \$300 acquisition fee. Closed-end lease. Option to purchase at end of lease at price to be negotiated at lease inception. Other models and lease intervals available at similar savings. Offer valid through August 31, 1988.

\$12 Million Complex Nears Completion

Ground was broken on September 14, 1987, for New England's first indoor auto mall, located on Route 38 in Tewksbury. The Hallissy Autocenter is only the third of its kind in the country. Peter Hallissy, president and owner, reports construction of the 188,000 square foot mall is on schedule and completion is targeted for mid-October. Chevrolet, Sterling and the used car departments are currently in operation.

The multi-million dollar project will feature such details as video display centers which will introduce the customer to the Autocenter and the products/services it offers, an auto accessory boutique and designated zones which afford shoppers privacy without interruption. A 15-foot-wide hallway runs the length of the 387-foot mall connecting each of the showrooms.

When asked what initiated the Hallissy dealerships to adopt the auto mall concept, Hallissy replied, "In such an extremely competitive market, it is necessary to create a unique selling atmosphere. Consumers are sophisticated and accustomed to mall shopping. Giving the customer what they want is the key to success...because of the consolidation of these seven franchises it becomes more cost efficient to the consumer."

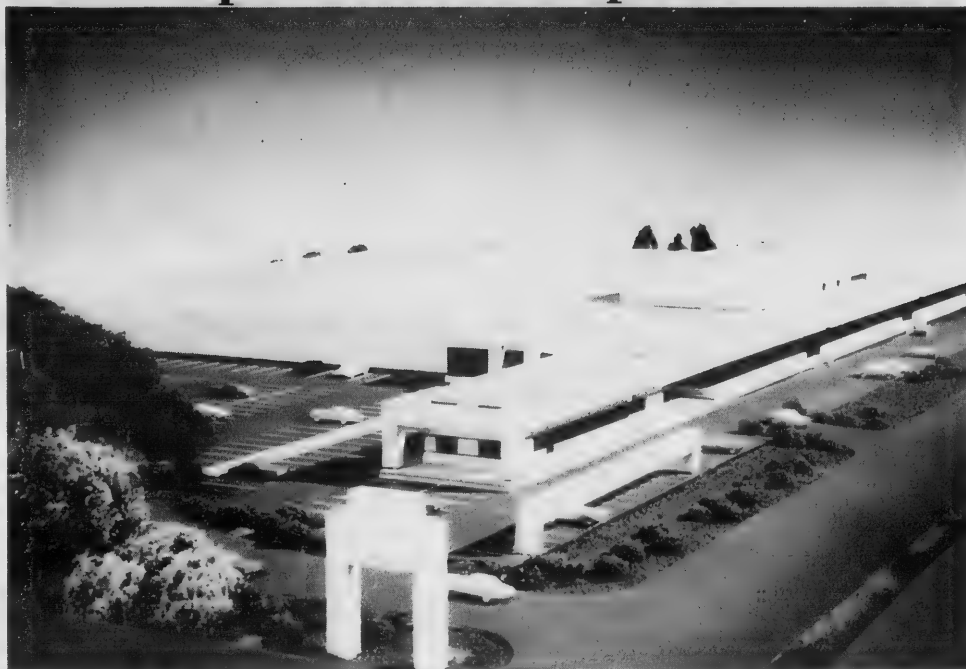

Andrew Drozdowicz, the architect, also designed the San Francisco Autocenter and has seen its popularity. He feels the Hallissy Autocenter is destined to set a precedent for the automobile industry today and in the 21st century.

The new auto mall is expected to sell more than 15,000 new and used cars and trucks per year. For the shopper who likes to take their time, compare models and prices, everything can be done one stop, in the relaxed atmosphere of the Hallissy Autocenter. Changes are occurring daily while working toward the October completion date, however, visitors are welcome at any time. William O'Neil is the contract manager for the project.

Workshop

The Service Corps of Retired Executives, 10 Causeway St., Boston, will hold a business workshop Thursday, Aug. 25, from 8:45 a.m. to 3 p.m.

The workshop includes instructions on basic financial, legal and management factors by experts in each field.

Doran's, Inc., Courier and Airport Service

Art Hawkins, owner of Doran's, Inc., offers two services, courier and transportation. Between 7:00 AM and 7:00 PM a driver will pick up a package or envelope and immediately deliver it to its destination. This is an important service for the small business, professional or personal matters that may need prompt attention or a deadline must be met.

In addition to their courier service, Doran, Inc., specializes in airport

transportation. They will guarantee that you make your flight on time and at your convenience. Your schedule is their schedule. There is no timetable the customer must fit into his busy day. A ride may be booked in advance from early morning to late at night. Their courteous and professional drivers will pick the customer up at the door and drive him to Logan Airport or any other destination in the Boston area. If the traveler wishes, and

supplies them with the return trip information, Doran's driver will be waiting at the airport when he arrives.

Rates to Logan Airport are thirty-five dollars for up to two passengers. Doran's has a fleet of six cars and a staff of nine who are in constant radio contact. Their office is open daily from 7:00 AM to 7:00 PM. Telephone for courier service is 470-0809 and 470-3383 for all other services. **R.C. Bernal**

Linda McKee, real estate broker

RE/MAX Preferred, Inc.

Linda McKee is the newest associate to join RE/MAX's rapidly growing staff of professional realtors. Linda lives in the area and grew up in Methuen. She is familiar both personally and professionally with the Merrimack Valley. She was recognized as a Multi Million Dollar Producer for the last two years by Century 21 Ahern & Ahern in North Andover and received the Pacesetter Award. Linda is a member of the Greater Lawrence board of Realtors and other national professional organizations.

RE/MAX is an international

residential real estate company with over 20,000 agents in 1,400 offices throughout North America. The six month old branch office is tastefully decorated to reflect the personalities of the agents. It is a pleasant atmosphere in which to conduct real estate transactions. RE/MAX is an unique concept in real estate. Each broker is self employed and has complete control over her listings. She retains 100% of her commission from which she has discretion to deduct what expenses, in addition to overhead, she deems

appropriate for the specific listing. She is her own time manager, advertiser, and marketing analyzer. The agent and customer have total control as they plan together the best approach for a quick, satisfying transaction, and need not deal with the interference of a third party.

Lisa Rao is the manager and a broker of the RE/MAX office in North Andover. They are located at 451 Andover Street (Rt. 114) across from Merrimack College. Telephone: 686-5300.

SALE OF REAL ESTATE (OFFICE CONDOMINIUM UNIT) UNDER MGL 183A:6

By virtue of a Judgment and Order of the Essex Superior Court (Civil Docket #86-2084) in favor of Elm Square Condominium Association against

HPSC, Inc., establishing a lien pursuant to MGL 183:6 on the real estate known as Unit No. 1-D of the Elm Square Condominium for the purpose of satisfying such lien, the real estate will be sold at Public Auction at 2:00 o'clock P.M. on Monday, the 12th day of September, A.D. 1988 at the Elm Square Condominium, One Elm Square, Andover, Essex County, Massachusetts. The premises to be sold are more particularly described as follows:

Description: The Condominium Unit (the Unit) known as Unit No. 1-D, at One Elm Square, of a Condominium known as The Elm Square Condominium pursuant to a Master Deed dated August 23, 1983, recorded with Essex North District Registry of Deeds in Book 1721 Page 222, in accordance with and subject to the provisions of Chapter 183A of the General Laws of the Commonwealth of Massachusetts, together with a 10.851% undivided interest in the common areas and facilities (the Common Elements) as described in said Master Deed, together with the exclusive right to use parking space numbered 49.

The Unit is shown on the floor plans filed simultaneously with the Master Deed or amendments thereto in said Registry of Deeds a portion of which plan is affixed to the deed

recorded with said Deeds in Book 1933, Page 22, together with the verified statement of a registered architect in the form required by Section 9 of Chapter 183A.

The Condominium is comprised of the land with the buildings, improvements, and structures thereon, shown on a plan entitled "Plan of Land in Andover, Massachusetts, for the Elm Square Realty Trust, Elm Square Office Condominium, Scale - 1"=20', Date - July 25, 1983, Stephen E. Stapinski, R.L.S., Andover, MA" recorded with said Master Deed, to which reference is made for a full description.

The Unit is conveyed together with the right to use the Common Elements in common with the owners of other Units, as provided in the Master Deed, including the right to use the pipes, wires, ducts, flues, cables, conduits, public utility lines and other Common Elements located in any of the other Units or elsewhere in the Condominium and serving the unit. The Unit is conveyed with the benefit of all rights and easements set forth or referred to in the Master Deed.

The Unit is conveyed subject to and with the benefit of an easement of encroachment in the event that said Unit encroaches upon any other Unit or upon any portion of the Common Elements or in the event that any other Unit or the Common Elements encroach upon said Unit, as a result of the construction of the Building or as a result of the settling or shifting of the Building to the extent of said encroachment. The Unit is subject to an easement for the benefit of the other Units, to use the pipes, wires, ducts, flues, conduits, cables, public utility lines and other Common Elements located in the Unit and serving other Units or Common Elements.

The Unit is further subject to the provisions of said Chapter 183A as it may be amended from time to time; the restrictions and easements set forth or referred to in the Master Deed; the provisions of the Master Deed, the Articles of Association and By-Laws of Elm Square Condominium Association (the Association) recorded with said Deeds in Book 1721, Page 240, as the same may be amended from time to time by instrument duly recorded with said Deeds, which provisions together with any amendments thereto, shall constitute covenants running with the land and shall bind any person having at any time any interest or estate in the Unit, his family, servants and visitors as though such provisions were recited and stipulated in full herein; any and all rules and regulations adopted under or pursuant to the foregoing documents and such taxes attributable to the Unit and Common Elements for the current

year as are not due and payable on the date of delivery hereof.

Unless otherwise permitted by instrument in writing duly executed in accordance with the By-laws of the Association, the units shall be used as business offices and no use may be made of the Unit except as provided in the Master Deed. No structural alteration or addition to such Unit shall be made without the prior written permission of the Board of Managers of the Association.

There is excluded from said Unit so much of the Common Elements as are located within the said Unit.

Being the same premises conveyed

by deed of Mark O. Henry and Leo P. LaRochelle, recorded in the North Essex Registry of Deeds in Book 1933, Page 22.

The above premises will be sold subject to municipal liens, and the balance due, if any, under a first mortgage dated February 26, 1985, given

to the Central Savings Bank recorded with said Deeds in Book 1933, Page 29, which may be entitled to priority over the Condominium Lien pursuant to Section 6(c) of CHAPTER 183A of the General Laws of the Commonwealth of Massachusetts.

Terms of sale: the sum of five thousand (\$5,000.00) dollars will be required to be paid in cash or by certified check, or treasurer's check by the purchaser at the time and place of the sale, as earnest money. The balance is to be deposited in escrow within ten (10) days with the Association's attorney, Domenic S. Terranova, Esq., at One Elm Square, Andover, Massachusetts, pending approval of the sale by the Superior Court. Deed and other sale documents to be taken within ten (10) days from the date of approval of said sale by the Superior Court.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of and in execution of the power of sale contained in a certain mortgage given by Paul A. Ciampa and Debra A. Ciampa to Arlington Trust Company dated October 24, 1984 and recorded with Essex North District Registry of Deeds, Book 1883, Page 221, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing, the same will be sold at Public Auction at 2:00 o'clock p.m. of the ninth day of September, A.D., 1988, at 16 Hall Avenue, Andover, Massachusetts, all and singular the premises described in said mortgage, to wit:

The land in Andover, Essex County, Massachusetts, with the buildings thereon, situated in that part thereof known as Ballardvale, being shown as Lot 4B on plan of land entitled "Plan of land in Andover, Mass., as surveyed for Edward P. Hall, March 1946," recorded with the North District of Essex Registry of Deeds as Plan No. 1749; said premises being bounded and described as follows:

NORTHWESTERLY: by Hall Avenue, one hundred twenty feet;

NORTHEASTERLY: by lot numbered 4A as shown on said plan, being land now or formerly of Jagger, one hundred one and 27/100 feet;

SOUTHEASTERLY: by land now or formerly of the Town of Andover, eighty-five feet; and

SOUTHWESTERLY: by land now or formerly of Kibbie as shown on said plan, one hundred thirty-eight and 8/10 feet, more or less.

Containing 11,875 square feet of land, more or less, according to said plan.

Subject to Easements to Lawrence Gas & Electric Company, recorded with said Deeds in Book 600, Page 181 and Book 604, Page 315.

Being the same premises conveyed to the mortgagees by deed of Arthur G. Manley, Jr. and Mary E. Manley, dated December 15, 1977 and recorded with said Deeds in Book 1327, Page 613.

The premises described in the above referenced mortgage will be sold subject to and with benefit of all restrictions, easements, improvements, outstanding tax titles, municipal or other public taxes, assessments, liens or claims in the nature of liens, and existing encumbrances of record created prior to the mortgage, if any.

Terms of Sale: Ten Thousand Dollars (\$10,000.00) shall be required to be paid in cash, certified check, or bank treasurer's check at the time and place of sale. The balance shall be paid within twenty (20) days thereafter to be deposited in escrow with Arlington Trust Company pending approval of said sale by the Land Court. The deed is to be transferred within ten (10) days from the date of such approval, said approval being the only condition of the escrow. Other terms, if any, to be announced at sale.

Real Estate

By DOUGLAS N. HOWE

REALTOR

STOCKS OR REAL ESTATE

Which do you think is a better investment, \$20,000 in stocks or the same amount in real estate? Let's look at a typical example.

Say you can invest in the stock market at a 7% return or put the money into a home that will increase at only 5% per year. At 7% your stock return will come to \$1,400 in a year. If you margin the account and buy \$40,000 worth of stocks by borrowing half from the broker, you'll make \$2,800 less commissions and interest fees.

If you put the same \$20,000 into purchasing a \$160,000 home and it appreciates at only 5%, you'd make a great deal more. The reason is

leverage. The 5% increases will be based on the ENTIRE value of the home - \$160,000 - not the down payment. Five percent of \$160,000 equals an effective return of \$8,000 which is 40% of your original \$20,000 investment.

When you consider the mortgage interest and property tax deduction, the return is even sweeter. There is no better or safer investment today than home ownership. We can help.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY, 4 Ponchartr Ave., Andover.** Phone: 475-5100. We're here to help.

Realty U.S.A.
Schruender Real Estate

MARKETING YOUR HOME

When you list your home for sale, you and your agent must work as partners to ensure it sells as quickly as possible for top dollar. It's important that you take the necessary steps to make your property look its best inside and out. At the same time, your agent will go to work to make sure your home is exposed to qualified buyers.

Good realtors work with each seller to develop a written marketing plan. With this written plan, you'll know just what your agent is doing and what you can expect to happen while your property is on the market. It will also include suggestions on what you can do to make your home more salable. There will be regular communications between you and your Realtor from the day the listing agreement is signed, so you will receive progress reports and feedback from the people who have seen your home. You will also have frequent opportunities to ask questions and discuss changes in the marketing strategy.

For solid advice on buying or selling real estate, consult the professionals at **Realty USA Schruender Real Estate**. Please call us at **685-5000** or drop by our offices at 73 Chickering Road, North Andover.

There's only one Andover.

There's only one New England town with the charm and convenience of Andover, Massachusetts.

And there's only one residence like The Andover. Just a two-minute walk to downtown's classic shops and even closer to the commuter rail stop. The Andover features a health club, underground parking, sweeping views—even a concierge. And inside

your home, you'll enjoy the finest fixtures and appointments, from the tiled bath to the large private balcony.

The Andover. Urban luxuries in a distinctive, quiet setting.

There's only one place like it.

The Key to Results in Real Estate

Bon Secours To Change Name Absentee Ballots Available

Bon Secours Hospital won't be Bon Secours Hospital for long. The Methuen facility is changing its name to Holy Family Hospital this fall.

"The name Holy Family Hospital was selected through an intensive process by a special committee appointed by the board (of trustees of the hospital)," said Judge John E. Fenton, Jr., chairman of the board, who added the name change will become effective Oct. 1.

Fenton said the board of trustees decided last month to remain under the auspices of Caritas Christi, the health care system of the archdiocese of Boston.

As a result of the affiliation decision, the order of nuns that gave the hospital its name is leaving. The Sisters of Bon Secours, who have been part of the hospital for over 40 years, will also withdraw the trademarked name "Bon Secours" and logo.

The Sisters of Bon Secours were against the hospital's decision to join Caritas Christi three years ago. They wanted it to join the order's Baltimore-based Bon Secours Health System.

The nuns threatened to leave at that time, but agreed to stay for three years, when the trustees said they would review their Caritas Christi affiliation. That review was recently finished and the decision to stay with the health system was made July 26.

Of the six Bon Secours nuns who are

leaving, two are retired; two work in pastoral care at the hospital; and two have administrative jobs.

Dr. Robert E. Flynn, president of Caritas Christi, said the sisters have made big contributions to the health and spiritual well-being of Bon Secours patients and their families. He promised them "to continue in the established tradition of caring, community services and professional excellence." The hospital is not planning changes other than its name.

Fenton said the hospital's continued association with Caritas Christi will help the hospital "move forward in meeting the health care needs of the community."

Fenton says a lot was taken into consideration when choosing a new name. "Our new name emphasizes our Catholicity and major strengths. The name Holy Family universally honors the strong family tradition of the internal hospital family and the community. It reflects the past, present and future direction and dimension of this community health care facility."

Other members of the health care system include Cardinal Cushing General Hospital, Brockton; St. Elizabeth's Hospital, Boston; St. Margaret's Hospital (Women and Infants' Hospital), Dorchester; St. John of God Hospital (Rehabilitation/Chronic Disease), Boston; and the Good Samaritan Hospice.

Registered voters who know they won't be able to vote at the polls Thursday, Sept. 15, can vote by absentee ballot.

Under Massachusetts law, you can vote by absentee ballot only if you won't be in town on election day, are physically disabled or are unable to vote on primary day for religious reasons. Absentee voters can vote "over the counter" in Andover, or they can vote by mail if they apply first in writing.

Most absentee voters must have their absentee ballots witnessed by any person at least 18 years old. Voters who are outside the United States or on the town list of permanently disabled voters do not need to vote in the presence of a witness.

Absentee voting has already begun in cities and towns throughout the state, and ballots are available in the town clerk's office, Bartlet Street.

Electricity

(Continued from Page One)

mid summer may have made the equipment more susceptible to lightning, he said.

No accidents or injuries stemming from the storm or the blackout were reported by the police or fire departments.

McNamara said he was "very worried" about the possibility of electric service breakdown in the Merrimack Valley before a cooling trend brought welcome relief to New England after weeks of oppressive heat.

With two major plants in the Greater Boston area suffering equipment failures, he indicated that a blackout in Andover and the rest of the valley could happen at any time during peak use hours between 9 a.m. and 6 p.m. if the extended heat wave continues to plague the area.

At least temporarily, a northern cold front, which has been contained by tropical conditions in the area, will move in and make it possible to enjoy the outdoors throughout the weekend.
